Botany (Flowering Plants).—General Report for 1969, D. R. Walker, 28-29. Recorders' Reports: E. Riding (E. Crackles) 29-30; W. Riding (F. Murgatroyd) 30-31; N. Riding (C. M. Rob) 31-32; Casuals and Adventives (F. Houseman) 32-33. The Plant Communities of Ilkley Moor, J. H. Fidler, M. Dalby and J. E. Duncan, 41-48. The Oak Fern and a rare Grass near Sheffield, C. B. Waite, 56. *Cicuta virosa* in West Yorkshire, W. A. Sledge, 131. *Parapholis incurva* on Spurn Head, T. Dargie, 131. *Vaccinium x intermedium* Ruthe in V.C. 65, G. A. Shaw, 132. Excursion Reports: Skipwith 136-137; Thorne Moors 138-139; Hutton Rudby 145; Birkin 148-149; Askrigg 150-151.

Bryophyta—Annual Report, 1969, M. Dalby & F. E. Branson, 33-36. *Mielichhoferia* and *Coscinodon* in Cleveland : A Challenge, C. Cockram, 59-62. Bryologists' Visit to Sedbergh, Aug. 23-30, 1969, J. R. Duckett, M. Dalby & F. E. Branson, 73-74. Excursion Reports: Skipwith, 137; Thorne Moors, 139-140; Hutton Rudby 145; Birkin 147; Askrigg 151. Excursion to Danes' Dyke, V.C. 61, F. E. Branson, 152-153.

Coleoptera—Annual Report, 1969, E. W. Aubrook, 22-23.

Conchology—Annual Report, 1969, E. Dearing, 21-22. Excursion Reports: Skipwith 136; Thorne Moors 144; Hutton Rudby 146; Birkin 148; Askrigg 151.

Conservation.—Fifty Years Later – Another Look at Thorne Waste, P. Skidmore, 81-87.

Crustacea.—Occurrence of the Freshwater Calanoid Copepod, *Diaptomus laciniatus*, in N. Wales, W. J. P. Smyly, 69.

Diptera.—Annual Report, 1969, P. Skidmore, 24-25.

Entomology.—Joint Committee for the Conservation of British Insects, 70-71. Section Meeting at Skipwith Common, 7 Sept. 1969, R. Crossley, 71-72. Excursion Reports: Skipwith 135-136; Thorne Moors 141-144; Hutton Rudby, 146.

Freshwater Biology.—Macrophytes of the R. Wear, B. A. Whitton & R. C. Buckmaster, 97-116. A Summer Overturn and its effects on the Fish Fauna of an old Yorkshire Claypit, J. T. Dealtry, 121-125.

Hemiptera.—Annual Report, 1969, J. H. Flint, 23-24.

Hymenoptera.—*Tiphia femorata* taken in Yorkshire, M. Archer, 133.

Isopoda.—Excursion Report: Askrigg. 152.

Lepidoptera.—The Lepidoptera of Yorkshire (concluded), 9-14. Annual Report, 1969, S. M. Jackson, 25-28.

Lichens.—A Lichenological Excursion through the North of England, F. Rose, D. L. Hawksworth & B. J. Coppins, 49-55. F. A. Lees' Botanical Collections: Part 3, M. R. D. Seaward, 125-129. The Lichen *Parmelia incurva* (Pers.) Fr. in Yorkshire, M. R. D. Seaward, 130

Mammalia.—Annual Report, 1969, C. Simms, 17-19. Introduced Forms of the Red Squirrel in S. Yorks & N. Derbyshire, T. M. Clegg, 1-4. A Badger mating with an hitherto unrecorded feature, R. J. Paget, 69. Renegade Badger in Co. Durham, J. Knight, 95-96. The Density of Common Moles on a mossland as shown by trapping, M. E. & P. A. Greenhalgh, 133. Excursion Reports: Skipwith 135; Thorne Moors 144; Hutton Rudby 146; Birkin 148; Askrigg 149.

Marine Biology.—A Note on the Methods Employed by Crabs in Breaking Shells of Dogwhelks, C. J. Feare, 67-68.

Mycology.—Spring Foray, Malham. 1969, W. G. Bramley, 75-76. Comfrey Rust in Yorkshire, W. G. Bramley, 132. Autumn Foray, Ripon, W. G. Bramley, 154-155.

Ornithology.—Pure-white Cormorant at Ravenscar, R. H. Appleby, C. R. Clark & A. J. Wallis, 4; Ducks on a Pond, A. J. Wallis, 4-5. Unusual Nest-site for Turtle Dove, G. Wallis, 5. Savi's Warbler at Knaresborough J. R. Mather, 6. Warbler coming aboard ship in mid-Atlantic, A. Chapman, 6. A. Century of Bird Protection, A. N. Handley, 7. The Sea Birds Preservation Act, 1869: The Parliamentary Process, H. T. James, 7-8. Annual Report, 1969, F. J. Roberts, 20-21. Early Nesting by a pair of Tawny Owls, A. J. Wallis,56. An Analysis of 58 Immature Terns from Filey, J. R. Mather, 63-66. The Food of Suburban Tawny Owls, D. W. Yalden & R. Jones, 87-90. Indications of the Feeding of some Wintering Diurnal Birds of Prey in S. W. Lancs., C. Simms, 91-93. Glaucous and Iceland Gulls in Lancs., M. E. & P. A. Greenhalgh, 93-94. Correspondence (R.F.D.) 117. Excursion Reports: Skipwith 135; Thorne Moors 140-141; Hutton Rudby 145-146; Birkin 147-148; Askrigg 150.

Plant Galls.—Excursion Report: Askrigg, 151.

Reptilia.—Annual Report, 1969, C. Simms, 19.

Yorkshire Naturalists' Union.—Annual Report 1969, 15-36. Chislett Memorial Lecture, 8. Presidential Address, Farming and the Flora, C. M. Rob, 57-59. Excursion Reports 135-153.
